

ELECTRONIC SYSTEMS

BALBOA
water group

■ Control box

One function two function or three function panels can be used with the control box.

■ Round panel

Capacitive touch panel;

There are 1, 3 and 4 buttons to control 1, 2 and 3 functions respectively;

The panel has backlight after powered on.

■ Square panel

Capacitive touch panel;

There are 4 buttons to control 3 functions;

The panel has backlight after powered on.

■ Capacitive water level sensor

Capacitive water level sensor, installed on the outer wall of the bathtub.

■ Light

Color can be controlled manually or automatically.

Lights of multiple colors can be synchronized.

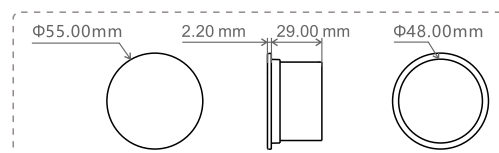

CONTROL PANEL

Φ55 mm 1 function Capacitive touch

Article no.	Material	Hole size	Parameters	Functions
860200 (PB0051-2071)	kirksite with electroplate	49mm	Pump 1.5HP@230V~	Pump on/off Water level detection

860200

Φ55 mm 2 function Capacitive touch

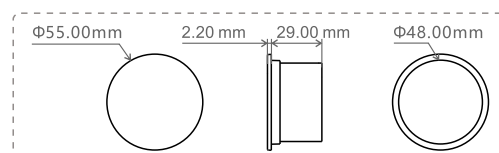

Article no.	Material	Hole size	Parameters	Functions
860201 (PB0052-2041)	kirksite with electroplate	49mm	Pump 1.5HP@230V~ Blower 400W@230V~	Pump on/off Blower on/off Water level detection

860201

860202

860202 (PB0053-2051)	kirksite with electroplate	49mm	Pump 1.5HP@230V~ Light:DC12V/2W	Pump on/off Light on/off Water level detection
-------------------------	-------------------------------	------	------------------------------------	--

Φ55 mm 3 function Capacitive touch

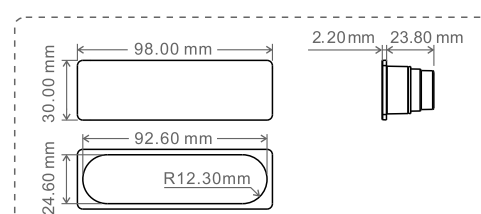

Article no.	Material	Hole size	Parameters	Functions
860199 (PB0055-2061)	kirksite with electroplate	49mm	Pump 1.5HP@230V~ Blower 400W@230V~ Light:DC12V/2W	Pump on/off Blower on/off Light on/off Water level detection

860199

860198

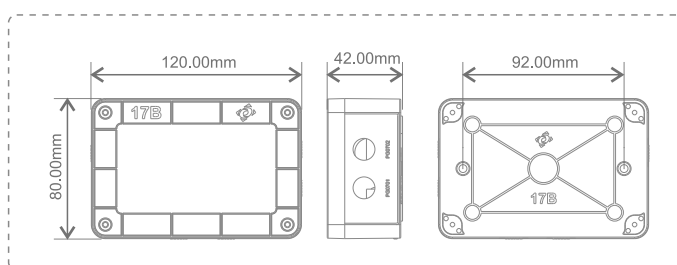

860198 (PB0015-2051)	kirksite with electroplate	94*26mm R13mm	Pump 1.5HP@230V~ Blower 400W@230V~ Light:DC12V/2W	Pump on/off Blower on/off Light on/off Water level detection
-------------------------	-------------------------------	------------------	---	---

CONTROL BOX

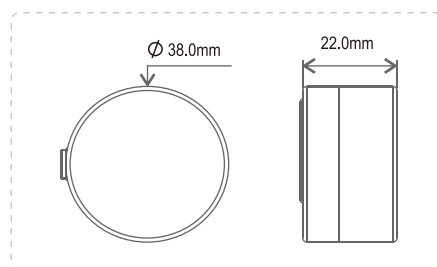

Control box

Article no.	Material	Waterproof grade	Parameters	Functions
880179 (P17B5-03)	ABS+PC	IPX5	Pump 1.5HP@230V~ Blower 400W@230V~ Light:DC12V/2W	3 functions on/off with connercton for 5V water level sensor

Capacitive water level sensor

Article no.	Material	Waterproof grade	V/Hz	Functions
810016 (WL02)	ABS+PC	IPX5	5V	5V connection

Light

Article no.	Waterproof grade	Hole size	V/Hz	Functions
830011 L04 light (white)	IPX5	46mm	DC12V/1W	7 colors

830004 L04 light (chrome)	IPX5	46mm	DC12V/1W	7 colors
